

SLR TRANS

COLD STORAGE & DISTRIBUTION

Who We Are

SLR Trans, founded in 2014, has evolved from a modest operation with just one delivery van to a major player in the temperature-controlled logistics sector. Over the last ten years, we've grown our capabilities substantially. As of now, we manage an impressive fleet of over 250 refrigerated vehicles and are on the brink of launching an 8000-pallet, state-of-the-art temperature-controlled warehouse in Archerfield, Brisbane, scheduled to open its doors in May 2024. Our range of services is extensive, covering everything from cross-docking and secure storage of palletised refrigerated goods to pick/pack operations and container unloading. We pride ourselves on our proficiency in last-mile delivery, ensuring that whether it's a single carton or a full truckload, our clients' deliveries are handled with utmost efficiency. Our diverse fleet, which includes Rigid trucks, semi-trailers, and B-doubles, is at the ready to transport our customers' freight to any major city across Australia, catering to both local and long-distance needs.

What makes SLR TRANS Different ?

At SLR Trans we invest a lot into understanding our customers, finding the right people to join us in our journey and most importantly having likeminded people who share our company values, vision, work ethics and most of all represent what the SLR Trans brands stands for is walking the walk in terms of customer satisfaction and commitment of doing what we said we will do every time, also we strive to get the best fleet in our business to provide quality service standards for our customers

Our fleet status

- We currently have over 150+ Refrigerated Utes to MR/HR Rigid vehicles. We are working with our key Suppliers and OEM in the industry to grow our fleet rapidly across the business.
- We currently have over 30+ B-Doubles covering Local and Line haul operations. We are partnering with some key Suppliers and OEM to grow our fleet rapidly across the business.

Our Services

Linehaul Operations

We are growing our line haul business rapidly with pickup and delivery services on the East Coast and now to the West Coast with customers progressively on boarding with us daily to take advantage of our full service offerings in transport solutions, last mile deliveries and warehouse storage/X-Docking that we at SLR Trans specialise in with our existing and new customers in SEQ, Sydney and Melbourne.

Metro Carton to Pallet Services

We have our network setup in Brisbane, Sydney and Melbourne that offer last mile delivery services for our last mile customers.

Warehouse Storage and X-Docking

Ambient and Temperature Controlled X-Docking/Storage facility available at our Morningside, Brisbane facility and from May 2024 out of our new Archerfield, Brisbane facility.
